**INSTRUCTIONS**

1. This Questionnaire contains nine (9) pages. Check and make sure that your Questionnaire has the correct number of pages. You may write on your Questionnaire as you answer the questions.

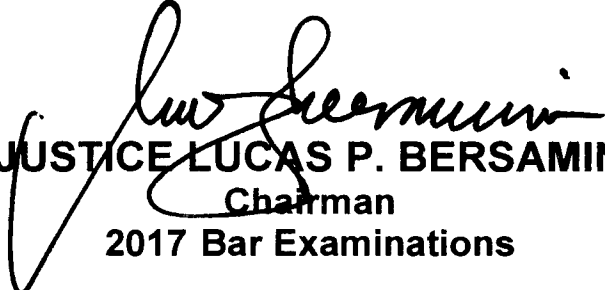

Read each question very carefully and write your answers in your Bar Examination Notebook in the same order of the questions. Answer the essay questions legibly, clearly, and concisely. Write your answers only on the front of every page of your Notebook. If the front pages are not sufficient, continue at the back of the first page and so on. Start every number on a separate page, but an answer to a sub-question under the same number may be written continuously on the same page and on the immediately succeeding pages until the answer is complete. Follow the numbering sequence of the Questionnaire in your answers.

2. Your answers should demonstrate your ability to analyze the facts, apply the pertinent laws and jurisprudence, and arrive at sound and logical conclusions. Answers must fully explain even if the questions do not expressly require explanations. A “Yes” or “No” answer *sans* explanation or discussion will not be given full credit.

3. Marking of your Notebook with your name or other identifying signs or symbols extraneous to the subject matter of the questions may be considered as cheating and may disqualify you.

Good luck!

In 1960, Rigor and Mike occupied two separate but adjacent tracts of land in Mindoro. Rigor's tract was classified as timber land while Mike's was classified as agricultural land. Each of them fenced and cultivated his own tract continuously for 30 years. In 1991, the Government declared the land occupied by Mike as alienable and disposable, and the one cultivated by Rigor as no longer intended for public use or public service.

Rigor and Mike now come to you today for legal advice in asserting their right of ownership of their respective lands based on their long possession and occupation since 1960.

- (a) What are the legal consequences of the 1991 declarations of the Government respecting the lands? Explain your answer. (2%)
- (b) Given that, according to Section 48(b) of Commonwealth Act No. 141, in relation to Section 14(1) of Presidential Decree No. 1529, the open, continuous, exclusive and notorious possession and occupation of alienable and disposable lands of the public domain

as basis for judicial confirmation of imperfect title must be from June 12, 1945, or earlier, may Mike nonetheless validly base his assertion of the right of ownership on prescription under the *Civil Code*? Explain your answer. (4%)

(c) Does Rigor have legal basis for his application for judicial confirmation of imperfect title based on prescription as defined by the *Civil Code* given that, like Mike, his open, continuous, exclusive and notorious possession and occupation was not since June 12, 1945, or earlier, and his tract of land was timber land until the declaration in 1991? Explain your answer. (4%)

Josef owns a piece of land in Pampanga. The National Housing Authority (NHA) sought to expropriate the property for its socialized housing project. The trial court fixed the just compensation for the property at ₱50 million. The NHA immediately deposited the same at the authorized depository bank and filed a motion for the issuance of a writ of possession with the trial court. Unfortunately, there was delay in the resolution of the motion. Meanwhile, the amount deposited earned interest.

When Josef sought the release of the amount deposited, NHA argued that Josef should only be entitled to ₱50 million.

Tyler owns a lot that is enclosed by the lots of Riley to the North and East, of Dylan to the South, and of Reece to the West. The current route to the public highway is a kilometer's walk through the northern lot of Riley, but the route is a rough road that gets muddy during the rainy season, and is inconvenient because it is only 2.5 meters wide. Tyler's nearest access to the public highway would be through the southern lot of Dylan.

Alice agreed to sell a parcel of land with an area of 500 square meters registered in her name and covered by TCT No. 12345 in favor of Bernadette for the amount of ₱900,000.00. Their agreement dated October 15, 2015 reads as follows:

I, Bernadette, agree to buy the lot owned by Alice covered by TCT No. 12345 for the amount of ₱900,000.00 subject to the following schedule of payment:

Upon signing of agreement	-	₱100,000.00
November 15, 2015	-	₱ 200,000.00
December 15, 2015	-	₱ 200,000.00
January 15, 2016	-	₱200,000.00
February 15, 2016	-	₱200,000.00

Title to the property shall be transferred upon full payment of ₱900,000.00 on or before February 15, 2016.

After making the initial payment of ₱100,000.00 on October 15, 2015, and the second instalment of ₱200,000.00 on November 15, 2015, Bernadette defaulted despite repeated demands from Alice.

In December 2016, Bernadette offered to pay her balance but Alice refused and told her that the land was no longer for sale. Due to the refusal, Bernadette caused the annotation of her adverse claim upon TCT No. 12345 on December 19, 2016. Later on, Bernadette discovered that Alice had sold the property to Chona on February 5, 2016, and that TCT No. 12345 had been cancelled and another one issued (TCT No. 67891) in favor of Chona as the new owner.

Bernadette sued Alice and Chona for specific performance, annulment of sale and cancellation of TCT No. 67891. Bernadette insisted that she had entered into a contract of sale with Alice; and that because Alice had engaged in double sale, TCT No. 67891 should be cancelled and another title be issued in Bernadette's favor.

(b) Did Alice engage in double sale of the property? Explain your answer. (4%)

Jovencio operated a school bus to ferry his two sons and five of their schoolmates from their houses to their school, and back. The parents of the five schoolmates paid for the service. One morning, Porfirio, the driver, took a short cut on the way to school because he was running late, and drove across an unmanned railway crossing. At the time, Porfirio was wearing earphones because he loved to hear loud music while driving. As he crossed the railway tracks, a speeding PNR train loudly blared its horn to warn Porfirio, but the latter did not hear the horn because of the loud music. The train inevitably rammed into the school bus. The strong impact of the collision between the school bus and the train resulted in the instant death of one of the classmates of Jovencio's younger son.

The parents of the fatality sued Jovencio for damages based on *culpa contractual* alleging that Jovencio was a common carrier; Porfirio for being negligent; and the PNR for damages based on *culpa aquiliana*.

Jovencio denied being a common carrier. He insisted that he had exercised the diligence of a good father of a family in supervising Porfirio, claiming that the latter had had no history of negligence or recklessness before the fatal accident.

(a) Did his operation of the school bus service for a limited clientele render Jovencio a common carrier? Explain your answer. (3%)

**(b) In accordance with your answer to the preceding question, state the degree of diligence to be observed by Jovencio, and the consequences thereof. Explain your answer. (3%)**

Explain your answer. (4%)**
